

If you have symptoms of coronavirus, you should get tested

Book a test by calling **119** or visit [gov.uk/get-coronavirus-test](https://www.gov.uk/get-coronavirus-test).

You may be given an appointment at the walk-through testing site at **Central Avenue Car Park, Worksop**.

You need to drive, walk or cycle to the testing site. **It is really important you don't use public transport.** This is to help protect others and stop the spread of coronavirus.

You must only visit the testing site. **Do not visit any shops or other premises prior to your test and return home immediately afterwards.**

You will need to **wear your face covering** at the testing site except when you take your test.

You will receive your test result via text or email within 72 hours and will be told what to do next.

Please do not visit the testing site unless you have an appointment.
